

MOTORIZED RV INSPECTION REQUIREMENTS

- Collateral Inspection is required on **all Motorized RV's older than three (3) years** (current model and previous two model years)
- Collateral Inspection must be prepared for the **benefit of our borrower(s)**

Inspection must include the following:

- **Date**
- **Location** where the inspection took place.
- **Collateral Description** year, make, model, length, VIN, color, slides, and awnings.
- **License** number and state
- **Engine Description** make, model, horsepower, fuel type, and mileage.
- **Starting Engine** comment results of starting the engine.
- **Exterior Condition** dents, damage, and paint.
- **Roof Condition**
- **Tire Condition** remaining life or condition of tires.
- **Window Condition** note any broken glass or chips.
- **Interior Condition** appearance and or any missing items.
- **Complete set of color photos** including images of exterior, roof, slides, interior, odometer with current mileage and VIN.
- **Overall statement of condition**

Motorized RV's less than 3 years that do not require an inspection will require current and complete color photos of exterior, roof, slides, interior, odometer with current mileage and VIN. All photos requested must be taken by 3rd party and will not accept photos from listing.
